

# Standard Platform Robot (HSR)

- HSR by Toyota Motor Corporation will be used as the Standard Platform Robot for the Partner Robot Challenge (Real Space).
- HSR might be lent free of charge in accordance with the agreement between TOYOTA MOTOR CORPORATION - a lender of HSR, and each participating team.
- Transportation costs of HSR might be granted up to a certain amount to some participating teams after screening of the documents by the judging committee, which consists of robotics experts.
